Adige south Park. Observing
trees. 3

Photographic Tour in

Venice. 3

Workshops. 4

Verona Town Hall in the
city centre. 4

Certificates of attendance to

Fincato School. 4

The Meeting started
on 30th September
and took end on
Friday 4th October

We have been proud to host the Fourth Meeting Tlk, in our schools, in our city and in our country. The topic of this Comenius, "Ecology" is very important for us and for our future.

We have had thirty students from 10 years old to 16 and we have done a great job to host all of them in our kind families. During this week we have met people from: Germany, Spain, Turkey, Poland, Romania, Bulgaria.

Activities

The purpose of these projects is to learn together, and for our students is very useful to try to improve their English language to communicate successfully with their new friends.

Planting Plants.

The First on the October has been the Day , attending to the goals into our Project, where we have had to plant plants. We have received from the experts thirty plants to plant in our Primary school Carducci .

"The most important thing, for us, is to try to teach and to learn in a different way"

TREES ARE FOR A BETTER FUTURE.

The trees are a symbol for the best future.

Each student planted a plant in the playground of our school Carducci. In the future we will take care of these plants, and they will gave to us a best air, so the story will continue for many, many years.

The Workshops to Carducci School

We have done three different works to Carducci school, one for the younger pupils with the teachers Cristina and Adele, one for the students with teacher Silvia and the works for the teachers involved in the Project.

WHAT CAN LIVE IN A FOREST?

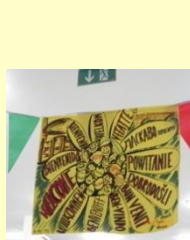

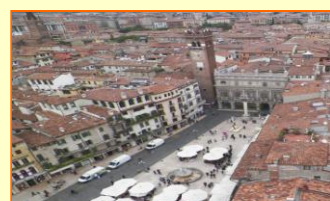

During these days we have done really a lot of interesting things and we have walked a lot. In the project is important to make real experiences and we have done it. We have also had a pic nic and done beautiful workshops to the Arsenale with Loretta and Giovina, ecology- counselors from the municipality.

**Venice**

We have had also a nice day to Venice, an other opportunity to stay together in the best way, in a wonderful place, rich of history, art and directly on the sea! Venice is always full of tourists and it is really amazing.

This is the end...

We were more than 80 people, to the Town Hall. All the delegations have been happy for the hospitality had to Verona. We will never forget this interesting Comenius. After the town Hall we went for a walk in the city Centre.

The headmistress Luciana Marconcini, here gives the Certificates of attendance during the last evening, after a great dinner prepared by the parents involved in the Project. Thank you to everybody. You have been fantastic!!! See you in the next Meetings.

Questions about Italy
